

Cookie Policy

TrustBills collects personal data automatically using cookies. These are text files that are stored in or by the Internet browser on your computer system. If you access a web page, this process can take place. These cookies can, for example, contain information about the login status or characteristic character strings that can make it possible to uniquely identify the browser when the website is access up again. This may require your consent under the applicable law. You can withdraw your consent at any time.

There are a large number of different cookies that serve different purposes.

In order to make your visit to our website attractive and to enable the use of certain functions, we use technically necessary cookies on various pages.

The transmission of these cookies enables the processing of the following information:

- Language preference
- Login information
- TrustKeys information
- Cookie information / privacy settings
- Internal route

These are collected to simplify the use of the websites. Some functions of our web pages cannot be offered without creating cookies. It is necessary in this regard that your browser is also identified after you change pages. We need cookies for the following purposes:

- Transferring the language setting
- Login recognition
- TrustKeys recognition
- Displaying the cookie information
- Load distribution on our systems

User profiles will not be created based on the technically necessary cookies.

If you have not granted your consent (Article 6 (1) lit. a EU General Data Protection Regulation (GDPR)), the legal basis for the processing of personal data is Article 6 (1) lit. f EU GDPR. Our legitimate interest in the processing of personal data under Article 6 (1) lit. f EU GDPR lies in the above purposes.

In addition, we use non-technically necessary cookies for an internal analysis of the use of our websites. We use these in the web analysis program Matomo.

If individual pages of our website are accessed, the following data is stored:

- two bytes of the IP address of the user's system used to access the page
- the web page accessed
- the website from which the user came to the accessed website (Referrer)
- the subpages that are accessed from the web page
- the length of stay on the website
- the frequency with which the website is accessed
- screen resolution
- browser and plugins used
- operating system used

The software is set up so that the IP addresses are not completely stored, but rather 2 bytes of the IP address are masked (e.g.: 192.168.xxx.xxx). In this way it is no longer possible to assign the shortened IP address to the computer used.

The legal basis for processing personal data in connection with visiting the website is Article 6 (1) lit. a EU GDPR. When you visit our website, a banner will inform you about the use of cookies for analytical purposes and ask you to grant your consent to the processing of personal data used in this context. A reference is made to this cookie policy.

Cookie analysis is used to improve the quality of our website and its content. The analysis of cookies enables us to evaluate how the website is used in order to adapt and optimise our offerings. This helps us to continuously improve our website and its user-friendliness. For these purposes, it is also in our legitimate interest to process the data in accordance with Article 6 (1) lit. f GDPR. By making the IP address anonymous, the user's interest in protecting their personal data is sufficiently taken into account.

The information collected by the cookie is transferred to our own servers and stored. The personal data of website visitors is only stored there. The data will not be passed on to third parties.

The data will be deleted as soon as it is no longer needed for our recording purposes.

You can see which cookies we use for which purposes in the following table:

Cookie	Purpose	Recipients	Deletion
SESSION	Login recognition	TrustBills Marketplace GmbH	When the browser is closed
Language	Selecting the language	TrustBills Marketplace GmbH	When the browser is closed
70AA1FF3AF26C705A61FDA0D34BB91F1	TrustKeys recognition	TrustBills Marketplace GmbH	1 day
TrustBills privacy	Display of the cookie hint	TrustBills Marketplace GmbH	None
TrustBills website	Storage of session-relevant information	TrustBills Marketplace GmbH	15 minutes
_pk_ref, _pk_cvar, _pk_id, _pk_ses, _pk_hsr, piwik_ignore	Web analysis	TrustBills Marketplace GmbH	After the purpose has been fulfilled
Route	Load distribution	TrustBills Marketplace GmbH	When the browser is closed

You can deactivate or restrict the storage of cookies that are to be stored when you visit our website by choosing your browser software settings accordingly or by using the cookie banner located at the bottom of each of our websites. Cookies that have already been saved can be deleted at any time. This can also be done automatically.

You can also prevent the collection of data generated by the cookie and related to your use of the websites and the processing of this data by clicking **here** (opt-out cookie). An opt-out cookie is stored on your device, which signals to our system that it is not to store your data. If you delete the

corresponding cookie from your own system in the meantime, you will need to create the opt-out cookie again.

However, it may not be possible to use all of the functions of this website in full if you block the storage of cookies in your browser settings.

Further information can also be found in our privacy policy.
